Intent

Upon adoption of this Ordinance some structures, lots, and uses that were previously established and complied with all applicable requirements, may no longer conform to the regulations of the zoning district in which they are located. This Article provides the rules, policies and regulations that apply to these structures, lots, and uses; referred to as Legal Nonconforming. This Article may be referred to as the "Grandfather" clause - if a use, structure, etc. was established legally under a previously applicable ordinance it shall be "grandfathered" (legal nonconforming).

These regulations are intended to inform property owners of the options for using and modifying nonconforming properties, and to support the gradual reduction of the nonconformities.

11.1 Nonconforming Status

- A. Illegal Structures, Lots, Uses, Signs & Site Features: A structure, lot, use, sign, or site feature that is nonconforming and that was constructed or is being used without all appropriate Improvement Location Permits or approvals from the applicable Board of Zoning Appeals or Plan Commission is considered illegal. An illegal property shall be subject to actions and penalties allowed by this Ordinance and all other applicable ordinances and shall be altered to conform with the requirements of this Ordinance.
- B. Legal Nonconforming Described: Legal nonconforming differs from Illegal in that the reason for the nonconformance is caused by the enactment of a Zoning Ordinance or a change to the Zoning Ordinance (including the Official Zoning Map). The structure, lot, use, sign, or site feature has not changed, but due to the Zoning Ordinance enactment or change, the property no longer conforms to the requirements of the zoning district in which it is located. When this situation occurs, the property is deemed Legal Nonconforming. Legal nonconforming lots, structures, uses, signs, and site features may continue in the manner and to the extent that they existed or were used at the time the change in the Zoning Ordinance was enacted.
- C. Exemptions: Structures, uses, lots, signs, and site features that are nonconforming due to prior variance, conditional use, or other approvals shall not be subject to the provisions of this Article, but shall conform to the terms of their approval.
- D. Repairs & Maintenance: The following applies to legal nonconforming structures, uses of structures, or uses of structures and land in combination:
 - 1. Ordinary Repairs: Work may be done for ordinary repairs or replacement of walls, heating, fixtures, wiring, plumbing, etc.; under the condition that the nonconforming features (setbacks, lot coverage, land use, etc.) are not increased.
 - 2. <u>Structures Declared Unsafe:</u> Nothing in this Article shall be deemed to prevent the strengthening, repairing, or restoring to a safe condition of any structure that has been declared unsafe by the appropriate official.
- E. **Replacement of Nonconformities:** Any nonconforming use, structure, site feature, sign, lot, or other characteristic that is lessened in its nonconformity or replaced by a conforming use, structure, site feature, sign, lot, or other characteristic shall not be restored.

11.2 Nonconforming Lots of Record

- A. **Nonconforming Lots of Record:** All lots lawfully established and recorded with the Bartholomew County Recorder prior to the effective date of this Ordinance, or its subsequent amendments, that no longer meet any applicable provision of this Ordinance (such as minimum area, width, or depth) shall be deemed Legal Nonconforming Lots of Record.
 - 1. <u>Conformance Required:</u> Legal Nonconforming Lots of Record may be built upon only if the proposed use is permitted and all other development requirements of the applicable zoning district of this Ordinance are met.
 - 2. <u>Utilities Exemption:</u> Any lot created prior to September 7, 1999 is exempt from any water and/or sewer utility service requirements for the zoning district in which it is located if it is capable of containing a water supply and sewerage disposal system acceptable to the Bartholomew County Health Department.
- B. **Re-plats and Lot Alterations:** The re-platting of all lots shall comply with the following requirements:
 - Nonconforming Lot Features: Legal nonconforming lots of record may be re-platted and otherwise altered, however any nonconforming features of that lot may only be unaffected or lessened. In no instance shall any nonconforming lot features be increased.
 - 2. <u>Creation of Nonconformities:</u> No lot shall be re-platted or altered in any way that results in the creation of a nonconforming lot, use, structure, sign, or site feature.

11.3 Nonconforming Structures

- A. **Legal Nonconforming Structures:** Any structure (such as a primary structure, accessory structure, fence, etc.) lawfully established prior to the effective date of this Ordinance, or its subsequent amendments, that no longer meets the development requirements (setbacks, height, etc.) shall be deemed a legal nonconforming structure.
- B. **Continuation of Legal Nonconforming Structures:** The continuation and modification of legal nonconforming structures shall be consistent with the following requirements.
 - 1. <u>Increases in Nonconformity:</u> No legal nonconforming structure shall be enlarged or altered in a manner that increases its nonconformity without the approval of a variance by the Board of Zoning Appeals. Any structure may be altered to decrease its nonconformity.
 - 2. <u>Intentional Alterations:</u> The extent of the alteration of any legal nonconforming structure that is intentionally altered shall either (a) conform to the regulations of the district in which it is located or (b) decrease the nonconformity. The legal nonconforming features may not be resumed.
 - 3. Moved or Replaced Structures: Any legal nonconforming structure that is moved for any distance or replaced shall conform to the regulations of the district in which it is located, and the discontinued legal nonconforming features may not be resumed.
 - 4. <u>Accidental Alterations:</u> Legal nonconforming structures that are required to be altered or removed due to government action or damage from fire, flood, other natural disaster, or criminal act may be restored to their legal nonconforming condition. Such structures, if rebuilt or restored, shall be identical or of reduced nonconformity in volume, height, setback, scale, and all other aspects to that which was altered or removed. Uses and structures in combination which are abandoned shall comply with the requirements of section 11.5(B)(8).
 - 5. <u>Change of Use</u>: The change of use of any legal nonconforming structure shall not cause the loss of legal nonconforming status for the structure itself.
 - 6. <u>Legal Nonconforming Mobile Home Parks:</u> The periodic replacement of individual mobile homes located in legal nonconforming mobile home parks shall be permitted. However, the placement of the new mobile home shall not increase any nonconforming setback or other site feature.

11.4 Nonconforming Site Features

- A. Legal Nonconforming Site Features: Any site feature lawfully established prior to the effective date of this Ordinance, or its subsequent amendments, that no longer meets the development standards shall be deemed a legal nonconforming site feature. The phrase site feature shall include landscaping, dumpster enclosures, parking space dimensions, number of parking spaces, signs, vehicle access points, and other similar requirements of this Ordinance. Site features shall not include any building setback or other similar requirements that address the structure(s) on a property.
- B. Continuation of Legal Nonconforming Site Features: The continuation and modification of legal nonconforming site features shall be consistent with the following requirements.
 - 1. <u>Increases in Nonconformity:</u> No legal nonconforming site feature shall be altered, removed, or otherwise modified in a manner that increases the amount of nonconformity. Site features may be modified in a manner that maintains or lessens the extent of the nonconformity.
 - 2. Property Redevelopment: The removal and replacement of the primary structure on a lot to the extent that either (a) its use must be discontinued for any period of time or (b) a phased removal and replacement results in a completely new structure shall require all site features to be brought into compliance with all requirements of this Ordinance. For lots containing multiple primary structures this provision shall apply if a structure or structures totaling more than 75% of the pre-demolition building area (cumulative from the effective date of this Ordinance) is removed and replaced with new development.
 - 3. <u>Use and/or Structure Expansion:</u> Existing site features shall be required to be brought into compliance with the terms of this Ordinance as an element of the expansion of a use and/or structure as follows:
 - a. *Incidental Modifications:* If the use of, or structure present on, a property is expanded by an amount less than 100% (cumulative from the effective date of this ordinance), the corresponding site features shall be required to be modified to an extent which is proportional to the expansion. In addition, the screening of all refuse areas (consistent with Section 6.1(C)(2)) shall be required. Site features that are proportional to use and structures on a property include but are not limited to the number of parking spaces, lot interior land-scaping, additional exterior lighting, etc. All modifications to site features shall comply with the applicable requirements of this Ordinance.

Amendments:

Section 11.4(B) revised per City Ord. 5, 2009 (2.17.09) & County Ord. 2, 2009 (3.2.09)

Incidental Modification
Example: Parking lot
landscaping would only be
required for new portions of
a parking lot that was
required to be enlarged due
to an expansion of the use on
the property - the amount of
landscaping in the preexisting parking areas would
be unaffected.

11.4 Nonconforming Site Features (cont.)

- b. *Significant Modifications:* If the use of, or structure present on, a property is expanded by an amount equal to or greater than 100% (cumulative from the effective date of this ordinance), all site features shall be brought into conformance with all requirements of this Ordinance.

 - b. *Dissimilar Uses:* Nonconforming uses may only be changed to other dissimilar nonconforming uses with the approval of the Board of Zoning Appeals (as a use variance). For the purpose of this Section dissimilar uses shall be considered those that are not within the same land use categories (such as office uses, retail uses, etc.) as provided by Article 3 of this Ordinance.
 - 6. Change of Use (to a Permitted Use): When a legal nonconforming use is replaced by a permitted use, it shall thereafter conform to the regulations of the district in which it is located, and the legal nonconforming use may not be resumed.
